

Dear Coaches,

We are pleased to invite high school golf coaches and their players to participate in a unique competitive opportunity designed to mirror the **NCAA Division championship environment**. This 54-hole event is intentionally structured to provide both players and coaches with an authentic collegiate golf experience—on and off the course.

Event Overview

This tournament will be conducted in a **three-round, 54-hole stroke play format**, consistent with NCAA championship standards. Teams will compete over multiple days on a championship-caliber course, emphasizing preparation, endurance, strategy, and team management. Teams will also attend the tournament banquet to mingle and hear about the pathways to college golf. The goal is to have university and college coaches available to provide information and feedback.

Coaching Opportunities & Access

Unlike traditional junior or high school tournaments, this event is built to actively involve coaches throughout the competition. Participating coaches will have the opportunity to:

- **Walk the course with their players** during all competitive rounds
- **Provide on-course coaching**, including strategy, decision-making, and mental performance support
- **Manage team lineups and player selection**, including determining counting scores (where applicable)
- **Prepare players pre-round and post-round**, including course strategy, yardage planning, and debriefs
- **Operate in an NCAA-style coaching role**, reinforcing collegiate expectations, pace, professionalism, and accountability

This format allows coaches to evaluate players in a true competitive setting while helping athletes understand what is expected at the next level.
